EXPERIENCE

Intern | Connecticut Ltd | June – Sept 2024

Project: Intranet School system - Web Design

Technology: HTML, CSS, Javascript, PHP, MySQL

My Work: Create a payroll form that allows admin to enter staff details and salaries, with automatic allowance calculations. Upon submission, save the data and a generated PNG payslip in the database. On page load, retrieve existing payroll data to populate into a table, enabling admins to view, download, and email payslips.
